## PODBEAN™ Guidance

### INTRODUCTION

Supporting our outreach ministry, the Communications Committee has been working to improve the delivery and quality of service recordings.

- For many months, full service recordings (with music) have been available through the website (and will continue on the new website, when launched in a few weeks).
- However, we have supplemented our website offerings and have just launched a podcasting service so that Weekly Lessons and Sermons are ported to Apple™ or Google™ smartphones and tablets.
- This makes our content more broadly accessible. Published early each week for the preceding Sunday, it is perfect when you might be travelling or want to “take it with you.” during your day.
